

# GLOBAL TRACKING & SECURITY

**Vehicle / asset tracking enters a new dimension with the arrival of Acutrac's PREMIER, LOCATOR & LOCATOR+: 'real-time' tracking, monitoring & security solutions.**

Designed for use on a wide range of vehicles and assets (motorcycles, cars, boats, vans, trailers, lorries, quads, caravans etc - anything with its own battery), **Acutrac systems are already proven in insurance industry trials.**

Once fitted and set up, Acutrac's systems will keep in touch with you by sending SMS text messages and / or email alerts - you decide. You can view satellite imagery of their exact location **at any time** through your browser or smart phone.

The PREMIER & LOCATOR+ systems can even send you a message if your vehicle / asset is unexpectedly moved. You can then accurately track the system remotely and initiate a speedy recovery.

A secure 'geo-fenced' area can be set up around all Acutrac systems using our website and movement over a custom designed boundary will

initiate an SMS text message and / or email alert. **3 years network subscription is included in the purchase price of all three Acutrac systems.**

After that, a very low annual fee keeps the contract SIM card live. Day to day running costs are minimal - depending on the frequency of your SMS text messages. SMS 'Credits' can be purchased on the Acutrac website. Access to the website is included. Here you can track or locate your system and set SMS frequency, parameters and much more.

All systems are about the size of a mobile phone, and easily hidden when fitted and a DIY self-fit is possible for many people.

**Turn over to find out which Acutrac system best suits your requirements.**

# PREMIER

Acutrac PREMIER has been developed with the professional or fleet user, in mind and offers increased functions and more built-in controls.

PREMIER comes complete with 3 years network subscription.

(After 3 years, a very low annual fee keeps PREMIER's contract SIM card live.)

# LOCATOR

Acutrac LOCATOR is a streamlined version of the high-end PREMIER system, and is ideal for the general user, wishing to utilise the very best in tracking technology to protect their property. LOCATOR comes complete with 3 years network subscription.

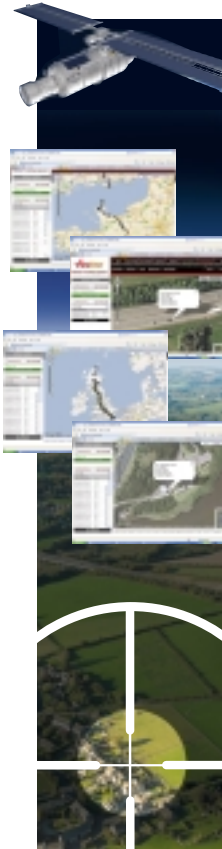

(After 3 years, a very low annual fee keeps LOCATOR's contract SIM card live.)

# LOCATOR PLUS

Acutrac LOCATOR+ is an advanced version of LOCATOR, triggering alerts if its internal motion sensor is activated. LOCATOR+ comes complete with 3 years network subscription.

(After 3 years, a very low annual fee keeps LOCATOR+'s contract SIM card live.)
